Description

EN
Highfield Sport 800 aluminium RIB with Honda BF350 outboard (Drive By Wire) and capacity of 15 people. The Highfield Sport range of high quality boats offers a choice from 3 metres up to 8 metres and combines all of our hull design expertise with an interior that you demand. Nothing has been sacrificed in the design of this range. Top quality materials are the hallmark of what we do and we have not compromised. The additions such as EVA teak throughout, integrated fuel tanks, superb diamond stitched upholstery and bathing platforms on our larger models will allow you to enjoy each day to the maximum. With the impermeable qualities of our aluminium hulls there’s no need to worry about gelcoat chips, or putting the boat on a beach or trailer. Lightweight and integrated davit lifting eyes. Your Highfield Sport 800 RIB will not delaminate or absorb water over time, retaining the same agile performance in 10 years time as the day you collected it. Design category B or C. NB - library photos may not reflect specification of boat.
